# Weather Key Points

Regional Operations Center

Western Region

Monday, June 27

- The weather pattern remains very stagnant across the state into mid week, with continued hot temperatures inland bringing moderate to locally high heat risk impacts. Temperatures will trend cooler for mid to late week.
  - Afternoon readings of 100 to 107 degrees will continue across the Central Valley and inland southern California valleys, with even hotter readings over the southeast deserts on Monday
  - Temperatures will remain warm across the northern California valleys and Modoc Plateau through Monday, with areas of moderate heat risk
  - Overnight low temperatures will fall into the 50s and 60s for many areas, and into the 70 over the southern deserts
- Fire weather conditions will be locally elevated most afternoons through the weekend and much of next week due to breezy winds, particularly through Wednesday. Widespread critical fire weather conditions are not expected.
- Dry conditions continue across the state this week
  - Isolated showers and thunderstorms are possible during the afternoon and evening hours into mid week along the Arizona border.
